**I will evaluate the role of feudalism and manorialism on the isolation of Europe during the early Middle Ages.**

Directions ~ We are going to have a formal discussion regarding this video after viewing it in class.. The discussion will center on the following question:

*Is it fair to categorize the time period of 500 AD – 1000 AD in Europe as a "Dark Age?" Why or why not?*

I strongly encourage you to take copious notes while viewing the documentary.

Yes, it was an age of darkness	No, it was not an age of darkness
